

Subject: Please Read: Changes at 5 p.m. Children's Programming

West Side Children staff and the entire West Side team are continuing to monitor COVID-19 updates closely. We strive to minister to our children and families while focusing on keeping our children, volunteers and staff safe. Last week, Pastor David sent an email update about our COVID-19 approach to the church. If you have not read his email, you can find it [here](#).

After much prayer and consideration, we have decided to make an additional change for the next several weeks. Because of the challenges caused by the current circumstances, we will not have children's programming (all ages) at the 5 p.m. Sunday services for the remainder of March. This allows us to focus our efforts on safety, disinfecting and screening in a more effective time frame. Our goal is to reinstate the children's programming at the 5 p.m. services in April, but we will make that decision based on the latest information in April.

During the month of March, children are welcome to attend the 5 p.m. worship services with their parents. Children's bulletins will be available for children to work through and use to follow along with the service. If your children are readers, we encourage you to bring along children's bibles or other Christian books in case they struggle hearing sermons about Revelation.

We plan to continue all of our children's programming at the 9:30 and 11:30 a.m. Sunday services without interruption and with enhanced safety protocols. Thank you so much for your understanding, and we look forward to worshipping with you this weekend! If you have any questions, please do not hesitate to reach out to us.

With joy and gratitude,

West Side Children
