

## Subject: Announcement regarding Youth Friday's

Dear Middle School Youth Community,

I wanted to reach out and let each of you know that we will be, **out of an abundance of caution, canceling our Friday nights until further notice.** This news may be surprising, disappointing, relieving, or maybe all of the above. I am here to process with you as we pray for our Middle School Community, our West Side community, and our city at large. We'll be monitoring the situation with the coronavirus and seek to resume our programming on Friday's when it's appropriate and safe to do so. Please help spread the word amongst our families.

We want everyone to be safe and have peace of mind. Do not despair, we have a hope that reaches further than the microscopic, a future more sure than the sun because of the gospel of Christ. Please take time to process this with your family and rest in the hope of the gospel.

We're grateful for your partnership, prayers, and patience,

Joe Moon
